Discussions & Questions:
- Wilson raised again the concern on the accessibility of the Option A and the potential bottle neck of the elevators for Option B. Wilson enquired about if there is a 3rd option as mentioned last meeting (Faculty of Engineering).
- Local host responded that the Faculty of Engineering only have 2 rooms available which can accommodate 100-200 pax on the first floor. However, local host added that there is 1 more room for 80pax on 1st floor at Maha Chulalongkorn University that used to be a staff lunch room and can be converted to a workshop room.
- Astbrink echoed the concern of the Chamchuri Building with the conjection issue and asked if the lunch venue is also accessible. Local host replied that lunch venue is accessible but not very spacious since the table and bench is fixed but can remove some of them to accommodate wheelchairs. Astbrink emphasized that attention also needed to be made if there are any 1 or 2 minor steps which ramps need to be installed as well.
Wilson consulted the Secretariat point of view. Secretariat suggested to go with Option A since Option B will separate the attendees into 2 floors and hinder mingling. Secretariat also added that usually the attendance on Day 2 and Day 3 will drop slightly that Option A will be able to accommodate.

- Local host stated that the final decision has to be made by end of Mar.
- Astbrink asked if there is an disability office in the university that helps disabled student which might be able to help answer some of our enquiries and have a look at the venue on-site. Local host commanded the idea and will conduct an accessibility inspection with the office.

**Action Items:**
- Local host to confirm the capacity and the accessibilities of the venue of Option A and report at the next meeting.

**Program Committee Updates**
- Soong updated that 15 proposals have been received so far as of 7 Mar which is considered a bit low but it is believed that there will be more submissions in the remaining 7 days. Secretariat added that there are 19 proposals received as of 8 Mar shown on http://apps.2017.rigf.asia/submission/proposallist. Soong encouraged MSG members to help promote the event to their communities and submit workshop proposals.
- Secretariat has already sent out reminders to various mailing list.
- Program Committee suggested that to move the face-to-face MSG meeting on Day 3 of the conference to Day 2 instead as some MSG members might have to leave early on Day 3.

**Action Items:**
- MSG adopted the suggestion to change the face-to-face MSG meeting to Day 2 of APriGF 2017.
- MSG members to promote the call for workshop before 15 Mar to attract more proposals.

**Fellowship Committee Updates**
- Wong provided an update on behalf of the Fellowship Committee chairs:
  - Currently there are 110 applications with another 97 in draft
  - 33 Female, 77 males
  - 41 civil society, 24 academia, 8 technical, 17 private sector, 14 government, 4 student, 1 inter-gov org, 1 media
  - Fellowship application is closing today.
- Wong thanked APNIC for providing the evaluation platform and that the next step will be for committee to evaluate the applications.

3. **2018 Local Host**

- Secretariat updated that a 2018 comparison chart has circulated to the MSG.
• Due to the technical issue of the 26 Feb meeting, the Q&A with 2018 host candidates has been deferred to 22 Mar which Russia representatives have confirmed attendance while Vanuatu has not.
• Chung asked if the decision will be made on 22 Mar during the meeting. Wilson replied that there is a consumption to organize a poll as before for 2017 expression of interest while making a decision at the call would require considerable attendance from the MSG members.

Action Items:
• Secretariat to confirm with Vanuatu on their attendance.
• MSG members to study the 2018 hosts matrix and prepare for the next meeting with the candidates.

• AOB
  • None.
