     - Review of Working Submission Form
     - Review of CFP & Submission Guidelines
  2. Internal
     - Review of Criteria & Rating Scale (Evaluation)
     - Process Review

• **Meeting Schedule**: The Program Committee will schedule monthly calls to coordinate the reviews.

• **Co-Chairs Criteria & Role**: There is an open call within the committee for volunteers to be co-chairs until 26 Oct and there are 2 volunteers (Mili and Naveen) but decision is yet to be made. Co-chairs are responsible for chairing the regular calls and oversee the progress of the committee’s work in general as well as to provide updates to the MSG yet without sole decisional making power. There were suggestions among the committee that the co-chairs have to refrain from submitting workshop proposals. Suggestions are welcome to the role of co-chairs.

• **Expertise of Members**: The secretariat has been collecting the expertise of members to help with the later workshop evaluation process.

**Discussions:**

• **Selection of Co-Chairs**:
  - Maureen suggested that one of the chairs with prior experience in Program Committee is preferred who are familiar with the process of the program development as well as the topics. Zakir, Maheeshwara, Mili, Joyce, Klee and Sylvia agreed.
  - Sylvia encouraged other past Program Committee members to take up the one of the co-chairs position.
  - Secretariat added that Chester and Cheryl were the co-chairs of Program Committee 2017 and they both did not continue to serve on Program Committee 2018.
  - Secretariat suggested to extend the deadline since some members might be traveling to ICANN 60. MSG agreed to extend the deadline to 30 Oct.

• Maheeshwara suggested that it is good to know why some members from Program Committee 2017 did not continue. Cheryl replied that it is good to see the plenty interests from new members to volunteer and therefore the experienced members are happy to step down. Sylvia reiterated that a good balance of experienced and new members is important for continuity.

**Action Items:**
• Secretariat to extend the deadline for expression of interests of Program Committee 2018 co-chairs to 30 Oct (Monday) specifying the need of at least one experienced member.

**Overarching Theme and Sub-themes**

• The secretariat provided an update on the 2018 Thematic Survey Result
  ▪ 78 responses in total
• Result Highlights
  ▪ The total number of responses is higher than last year and there is a good stakeholder balance.
  ▪ Cyber-security is the most concerned topic then followed by Internet & ICTs for the Sustainable Development Goals
  ▪ Most of the respondents plan to submit workshops for 2018
• The secretariat suggested to recruit volunteers from the MSG in helping to cluster the topics and finalize the themes and sub-themes. Maureen echoed that and suggested to invite Program Committee members in specific. Mili, Maureen, Mohit, Zakir, Joyce and Ying-Chu volunteered to join the thematic sub-group.
